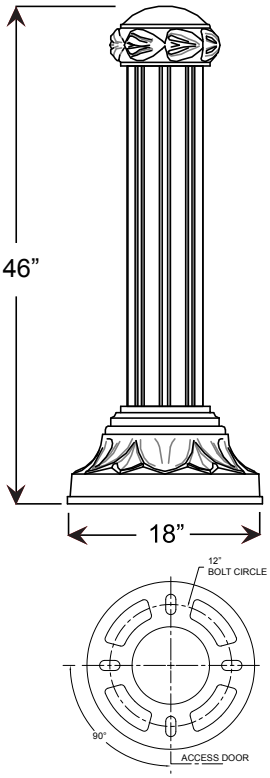
Project: _____

Fixture Type: _____ Quantity: _____

Customer: _____



BL0599

Weight: 37 lbs

Specifications

Material:
All parts are durable 356 cast aluminum and high strength aluminum extrusion. All mounting hardware shall be stainless steel or zinc plated steel.

Mounting:
Standard anchor bolts are 3/8” x 12” x 3”. Bolts, nuts and washers shall be hot dipped galvanized steel. Bolt pattern diameter is 12”.

Finish:
A polyester powder coat high quality finish is electro-statically applied and baked at 430° for exceptional durability and color retention. Products undergo an intensive five-step cleansing and pretreatment process for maximum paint adhesion.

Marine grade finish provides superior salt, humidity and UV protection. This coating withstands up to 3000 hours of continuous salt spray, comes with a 5-year warranty and is available in either a textured or gloss surface.

Modifications:
Consult factory for custom or modified designs.
