Inspired by the graceful motion of a water droplet, Ripple redefines classic lighting with a sleek, spun aluminum shade.
Offered in **12", 18", 24", 30", and 42" sizes**, this striking fixture blends sophisticated aesthetics with exceptional performance.
Choose from two distinct underside options: **Rippled**, which adds depth and texture, mirroring the gentle undulations of water, or **Smooth**, for a clean, minimalist appeal. Every detail is thoughtfully designed, transforming Ripple into a dynamic, artistic statement in any space.

Designed for hospitality, retail, commercial, and residential spaces, Ripple seamlessly integrates into modern and transitional environments, striking the perfect balance between form and function. A precisely positioned diffusion globe sits just below the aperture, minimizing glare while casting a soft, even glow. This thoughtful design enhances both functionality and ambiance, making Ripple an effortlessly striking fixture that brings warmth and sophistication to any space.

Since 1985, ANP Lighting has been inspiring and empowering innovative lighting solutions.

Today, ANP Lighting is a leading manufacturer of energy efficient architectural lighting solutions for corporate/office, municipal, education, sports and entertainment, hospitality, and retail applications.

Our extensive line of lighting products and collections is complemented by a wide array of mounting, size, and color options – one of the largest selections in the industry. Our in-house lighting experts can help architects, designers, and specifiers develop lighting solutions with the high quality, craftsmanship, and value only products made in the U.S.A. can deliver.
