Line of the second of the	c • 5	Spe	cifications	Rede in USA (I) Walter in USA
Junit Junit Andre specific billion of the		RLM shades spun alumin housing are stainless ste white finish	um. Wall back plate and driver cast aluminum. All fasteners are eel. Inside of shade is reflective for all colors except galvanized	A polyester powder coat high quality finish is electro-statically applied and baked at 430° for exceptional durability and color retention. Products undergo an intensive five-step cleansing and pretreatment process for
Mathematical and and a strain a strain and a strain a strain and			C and ELV dimming to 1% e standard for LED modules.	Marine grade finish provides superior salt, humidity and UV protection. This coating withstands up to 3000 hours of continuous salt spray, comes with a 5-year warranty and is available in either a textured or gloss
Construction With Source		See page 2 specs, volta Certificatio	table for LED module and driver ge and dimming protocols.	Modifications: Consult factory for custom or modified

MODULE LISTINGS

Fully compliant with the RoHS Directive

Certifications: CE/UL

.

- 0-10V, TRIAC and ELV dimming protocols are standard. (12w is 120v and TRIAC dimming only) •
- Output Current: Constant Current; 440mA to 940mA (model dependent) •
- . Driver Efficiency > 80%; Power Factor > 0.9
 - Integral Surge Protection in conformance to ANSI C62.41 Category A.

WARRANTY

See www.ANPlighting.com for complete fixture warranty.

- LED warranty information 5 year limited warranty*

*Limited Warranty: A typical year is defined as 4380 hours of operation

Consult Factory for	additiona	paint	charges	and	availab	ility.
